# Online Entrance Exam Preparation: GMAT Prep Course

This program is designed to introduce you to the process and mechanics of the GMAT test. It will give you a general overview of area-specific instructions, including: Math (Problem Solving and Data Sufficiency) and Verbal (Sentence Correction, Critical Reasoning, and Reading Comprehension). You will be introduced to the overall test format, learn suggested preparation and test-taking techniques, review various test question styles, and complete a variety of exercises and practice tests which are similar to the actual GMAT test. In addition, you will be introduced to several additional test preparation resources.

## What to Expect in the GMAT Preparation Course:

- 8-week program comprised of 2 - 3 hours of work per week.
- Interpret the format of the GMAT test.
- Test your skills on problem solving, data sufficiency, sentence correction, critical reasoning, and reading comprehension.
- Learn how to prepare most efficiently for the GMAT test.
- Understand and apply pacing strategies to each style and type of question.
- Define the three sections of the GMAT and how you will be evaluated in each section.
- Develop strategies for answering each section's question type.
- Enhance your test-taking strategies to improve your overall GMAT score.
- Take practice tests to assess your progress.
