THUNDERBIRD SCHOOL OF GLOBAL MANAGEMENT | ASU Arizona State University

Doctor of Professional Practice in Global Leadership & Management

About the program

The world needs a new brand of leaders and managers who can navigate the complex and multi-dimensional dynamics of the Fourth Industrial Revolution to develop innovative models, strategies, networks and solutions to address these increasingly pressing challenges across the public, private and non-profit sectors.

Thunderbird School of Global Management has developed a unique and first of its kind program, the **Doctor of Professional Practice (DPP) in Global Leadership and Management**. Designed to prepare practitioners who are responsive to the opportunities and challenges presented by this unprecedented time of rapid disruption, this program prepares leaders global and digital mindsets and skillsets for the 21st century.

The program is high touch and high tect, delivered synchronously online in dynamic and interactive ways. This format provides working professionals the greatest convenience and flexibility while still benefiting from the live delivery of courses by provided by Thunderbird's world-class faculty.

synchronous online learning through Zoom and other innovative interactive learning platforms

8
minimum years of experience

50k+
alumni across 145 countries

60 credits cost (USD) **$150,000**

45 credits cost (USD) **$112,500***

For students with 15 prior relevant graduate level credits.
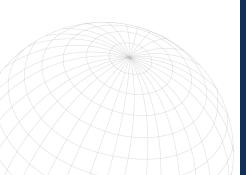

Scholarships available for select applicants.

Who should attend?

- Senior practitioners seeking to advance their global and digital leadership and management capabilities across the private, public and non-profit sectors.

- Individuals serving as faculty or trainers in organizations and institutions seeking to advance the development of their leadership and management knowledge application and expertise.

Program format

This program will offer opportunities for integrating and customizing the course of study depending on student objectives. The 60-credit program includes 45 credits from DPP courses and 15 transfer credits obtained through graduate level course work. Of these 45 DPP course credits, 18 come from required Thunderbird core courses, 6 hours from restrictive electives, 18 credit hours of required research courses, as well as 3 credit hours of a required culminating experience.

The program will use synchronous approaches, including pro-seminars, colloquia, and flipped classroom delivery, with asynchronous content discussion and application.
